A20: Vision, Mission and Value Statements

(Approved by the Regents, December 2001)

Vision Statement

UNM will build on its strategic resources:

- to offer New Mexicans access to a comprehensive array of high quality educational, research, and service programs,
- to serve as a significant knowledge resource for New Mexico, the nation, and the world; and
- to foster programs of international prominence that will place UNM among America's most distinguished public research universities.

Mission Statement

The University will engage students, faculty, and staff in its comprehensive educational, research, and service programs. UNM will provide students the values, habits of mind, knowledge, and skills that they need to be enlightened citizens, to contribute to the state and national economies, and to lead satisfying lives. Faculty, staff, and students create, apply, and disseminate new knowledge and creative works; they provide services that enhance New Mexicans' quality of life and promote economic development; and they advance our understanding of the world, its peoples, and cultures. Building on its educational, research, and creative resources, the University provides services directly to the City and State, including health care, social services, policy studies, commercialization of inventions, and cultural events.

Value Statement

The values of the individuals who teach, learn and work at UNM have shaped over time the values of the University. Our values provide a frame of reference for making decisions. They contribute to the general atmosphere of the University and then guide us in our teaching, our pursuit of knowledge and our public service.

Academic Freedom: As a center of knowledge, the University adheres to the doctrines of academic freedom and free speech. The University will continue to protect the exploration of ideas and will encourage inquiry and creative activity by students, faculty and staff. At the same time the University opposes statements and activities that reflect bigotry and prejudice and that consequently tend to diminish active participation by all elements of the academic community and to inhibit the free expression of ideas.
**Diversity Within the Academic Community:** The University values the diversity of its students, faculty, staff and the other people with whom it interacts. Our differences assure that the University is a forum for the expression, consideration and evaluation of ideas. The educational process on our campus is clearly enriched and strengthened by the fact that these ideas arise and are evaluated from such diverse perspectives.

**Creativity and Initiative:** The University moves forward in its academic programs, student support services, and other operations by encouraging and rewarding creativity and initiative among faculty, staff, and students.

**Excellence:** At the University, we value excellence in our people, in our programs, in our facilities. We have a responsibility to encourage and develop excellence among our faculty, staff and students. We are committed to be leaders.

**Integrity and Professionalism:** Integrity and ethical, professional behavior by all individuals associated with UNM are essential in order for students, faculty, staff and the public to have trust in the University.

**Access and Student Success:** We have a clear obligation to provide a quality higher education to all New Mexico students who have the capability to succeed. This obligation is combined with the responsibility to provide an environment and appropriate support to give every individual his or her best chance of success.

No person may speak more than twice on any item, nor longer than five minutes at either time. The presiding officer will adjudge specific applications of this standing rule."
(4) "Qualified members of the press are admitted to faculty meetings."

Section 6. The Faculty Senate

(a) Faculty Senate: There is created the Faculty Senate to which the responsibilities of the University Faculty set forth in Section. 2 are hereby delegated, with the specific exceptions of (1) the responsibility of approving changes in the constitution, (2) the responsibilities assigned by Section. 7 (a) to the Academic Freedom and Tenure Committee, and (3) the right of the Faculty to hold special meetings as described in Section 6(i). All actions under this delegation are subject to the rights of review and referendum reserved to the University Faculty by Section. 6(h).

(b) The Faculty Senate shall be composed as follows:

(i) The Faculty Senate shall be made up of 68 members, of which 63 are chosen according to the number of full-time voting faculty in each academic unit, and 5 chosen at large except as noted in vi below. The number of senators for each academic unit (school, college, or branch with a full-time academic faculty) shall be determined yearly by first dividing the set number of senators (63) into the total number of voting faculty in the University followed by using this resulting number to determine the proportional representation for each of the units with academic faculty. This calculation will be subject to modification as specified by the following rules.

(ii) For purposes of calculating the number of full-time faculty members the actual number of full-time contracted faculty shall be used. Budgeted positions not filled and part-time faculty will not be counted.

(iii) All academic units will be represented by at least one senator; that is, those units whose proportional representation is calculated as zero due to their small number of faculty, will be assigned one senator while maintaining a total of 63 senators (excluding the at-large senators).
(iv) No academic unit will be represented by more than one-third of the senators chosen proportionally; that is, those academic units whose proportion of all full-time voting faculty would be greater than 21 senators out of 63 will be assigned only 21 senators.

(v) The remaining academic units, that is, those units whose number of senators are not assigned by the rules in iii and iv, will be assigned a number of senators according to the proportion of the full-time voting faculty of those units out of the remaining senators (that is, the remainder from 63 after the assignment of senators to units as modified by iii and iv).

(vi) If there is a discrepancy in number of senators assigned by proportion according to ii, iii, iv, and v due to rounding, that is, if the number of senators assigned by proportion according to ii-v leads to a total of 64 or 62 senators, then the number of senators chosen at-large will be adjusted so that the total number of senators remains at 68.

(vii) A full-time faculty member holding appointments in more than one school or college shall select his constituent school or college for purposes of representation in and election to the Faculty Senate by filing a written notice of such selection with the Secretary of the University no later than the first day of the spring semester of each election year.

(viii) The Provost, Chancellor, vice presidents and associate vice presidents of the university and all deans of schools and colleges and directors from branch colleges shall be ex-officio, non-voting members of the Faculty Senate.

(viii) The President of the University, the Secretary of the University, and the Presidents of the Associated Students (ASUNM) and the Graduate and Professional Student Association (GPSA) shall be ex-officio members of the Faculty Senate without vote.

(c) Eligibility, nominations and elections:

(1) All members of the Voting Faculty as identified in Article 1, Section 1(b), with the exception of ex-officio members, shall be eligible for election as voting members of the Faculty Senate.

(2) Procedures for the nomination of individuals eligible for election to the Faculty Senate under the provisions of Section 6(b)(1i) and Section 6(c)(1) above shall be determined by the faculty members of each school or college which procedures and any subsequent changes therein shall be filed in writing with the Secretary of the University; provided, however, that academic deans and vice presidents shall not be eligible. Elections of school and college senators shall be completed and the certified results shall be filed with the Secretary of the University no later than the last working day of the sixth week of the spring semester as it appears in the official academic calendar of the University.

(3) Procedures for the nomination of individuals eligible for election to the Faculty Senate under the provisions of Section 6(b)(3) and Section 6(c)(1) shall be determined by faculty members of non school or college academic units. The procedures and any subsequent changes therein shall
be filed in writing with the Secretary of the University. Elections of non-school or college academic units shall be accomplished and the certified results shall be filed with the Secretary of the University no later than the last working day of the sixth week of the spring semester as it appears in the official academic calendar of the University.

(4) Nominations of individuals consenting to stand for election to the Faculty Senate under the provisions of Section 6(b)(4) above shall be made in writing to the Secretary of the University no later than the last working day of the ninth week of the spring semester as it appears in the official academic calendar of the University. Ex-officio members of the Voting Faculty shall not be eligible for nomination.

(5) Elections of half the members of the Faculty Senate shall be held annually in the spring semester of the academic year. Elections by the Voting Faculty for the at large members of the Faculty Senate shall be conducted by the Secretary of the University.

(6) The Secretary shall notify all Faculty in writing of the results of the election of senators from all schools and colleges within five working days of the deadline specified in 6(c)(2). Final election results shall be reported by the Secretary of the University in writing to each member of the Voting Faculty prior to the last day of the spring semester as it appears in the official academic calendar of the University.

(7) Voting members of the Faculty Senate shall be elected for terms of two years or until their successors are named, and shall take office on July 1 of the same year of their election. All elections shall be for two-year terms. No one shall serve more than four consecutive years as a voting member. Before regaining eligibility as a member, an interim of at least one year must elapse.

(8) Schools, colleges shall provide their own procedures for filling vacancies in their delegations, which procedures and any subsequent changes in them shall be filed in writing with the Secretary of the University. When the positions of Senator-at-Large become vacant for any reason, the Committee on Governance shall make arrangements with the Secretary of the University for holding special elections to fill such vacancies.

(9) Schools and colleges and faculty from non-school or college academic units shall provide their own procedures for filling vacancies in their delegations, which procedures and any subsequent changes in them shall be filed in writing with the Secretary of the University.

(d) Organization and Procedures: The members of the Faculty Senate shall determine how the Senate shall be organized and what procedures shall be established to carry out the responsibilities delegated to it by Section 6(a) above; provided, however, that the presiding officers of the Senate shall be elected by the voting membership from among their number, provided that the Secretary of the University shall serve as the secretary of the Senate.

(e) Meetings: The Faculty Senate shall meet no less frequently than once per month during the
regular sessions of the academic year exclusive of the summer session. Members of the University Faculty may observe the proceedings in a space provided for them. Individual faculty members may address the Senate by request to the presiding officer or at the request of any senator. The Senate may provide reasonable limitations as deemed necessary.

(f) Attendance at Meetings: The Faculty Senate shall establish reasonable requirements for attendance at regularly scheduled meetings of the Senate and shall remove from office any member failing to meet those requirements.

(g) Agenda and Minutes: All actions of the Faculty Senate shall be reported in writing to the Voting Faculty regularly and within ten (10) working days of such action. Additionally, the approved minutes of the Faculty Senate shall be distributed to the University Faculty within three working days after the meeting at which they are approved.

(h) Committees: The Academic Freedom and Tenure Committee which is expressly preserved in Sections. 7(a) and (b) below, and the Committee on Governance are committees independent of the Faculty Senate. All other standing committees of the University Faculty, are committees of the Senate and are responsible to it. In order to discharge the responsibilities delegated to it by this Constitution, the Faculty Senate is empowered to create, abolish, merge, or otherwise redefine functions of standing committees of the Faculty Senate. Each standing committee under the jurisdiction of the Faculty Senate as provided for in this subsection shall have at least one senator as member. Any member of the University Faculty is eligible for membership on standing or special committees. No member shall serve on more than two standing committees at a time.

(i) Review and Referendum: The University Faculty reserves the right of review over actions of the Faculty Senate in that the Senate is the agent of the University Faculty and exercises all authority by way of delegation. By written petition to the President of five percent of the Voting Faculty, issues not raised by the Faculty Senate may be placed on the agenda of a special faculty meeting, debated, and submitted by a ballot of the Voting Faculty for majority decision.

(1) All actions taken and so reported shall be subject to review and reconsideration by the University Faculty upon written petition made to the President of the University by not less than five percent of the members of the Voting Faculty, provided such petition is received by the President no later than one month after the Senate action is taken. Senate action shall become effective after one month unless the President receives a valid petition within this period.

(2) The President shall convolve the University Faculty within ten (10) working days following receipt of a valid petition. The agenda of such a faculty meeting shall be limited to debate on the petitioned matter(s) and the faculty may vote to have the Faculty Senate reconsider the action(s) involved, which reconsideration must be undertaken no later than the next regular meeting of the Faculty Senate.

(3) If the Faculty Senate reaffirms the questioned and referred action(s), the question shall then
be submitted to the entire Voting Faculty by mail referendum within ten (10) working days of the Faculty Senate's action of reaffirmation. If fifty percent of the Voting Faculty cast ballots, and if a simple majority of those voting disapprove of the Senate's action(s), the Senate shall be overruled. Ballots will be conducted and administered by the University Secretary.

A53: Development and Approval of Faculty Policies

Approved By: Faculty Senate
Effective Date: January 19, 2016
Responsible Faculty Committees: Policy and Operations
Office Responsible for Administration: Office of the University Secretary

Revisions to the Policy Rationale, Policy Statement, and Applicability sections of this document must be approved by the full Faculty Senate.

Policy Rationale

The Faculty Handbook provides University of New Mexico (UNM) faculty with a written record of faculty policies and procedures. Policies in the Faculty Handbook are unifying documents that describe academic principles, the reasoning behind the principles, and institutional procedures necessary for implementation. Faculty Handbook policies contain governing principles and procedures that mandate or constrain actions and apply to UNM faculty; therefore, the development of policies requires input from faculty members who have extensive knowledge on the subject matter and review by faculty members from a variety of academic disciplines at UNM.

Policy Statement

All UNM policies which pertain primarily to faculty and academic matters are placed in the Faculty Handbook and are subject to the review and approval requirements defined in this Policy Document, with the exception of Section B “Academic Freedom and Tenure” which follows a separate review and approval protocol. The scope of Faculty Handbook policies is established by the Faculty Constitution (/a51/) and the right to review and take action on these policies is granted to the faculty by UNM Board of Regents Policy 5.1 (https://policy.unm.edu/regents-policies/section-5/5-1.html) “The Faculty’s Role in the University’s Academic Mission.” This policy describes the process used to develop or amend Faculty Handbook policies, solicit input, and obtain approval.

1. Proposing a New Policy or Changes to Existing Policy. Any faculty member or academic administrator wishing to propose a change to an existing Faculty Handbook policy or propose a new policy should send their request to the Office of the University Secretary, who will forward it to the Faculty Senate Policy Committee (FSPC) for consideration. This request should include a draft policy document which shows proposed changes to the existing policy with track changes, or in the case of a new policy the request will include a proposed policy draft addressing the concerns it is intended to address. This request should also include a statement of the reason(s)
for the proposed policy change(s) or the new policy. Because faculty policy is a shared governance process, policy actions generally require one to two full semesters for appropriate review, approval, and implementation. The FSPC will review the request and work with the appropriate Faculty Senate committee(s) to determine the most effective course of action. The Office of University Secretary will notify the requestor of the action taken by the FSPC.

2. Approval. Proposed new faculty policy statements, in their entirety, and changes to the Policy Rationale, Policy Statement, and Applicability sections of existing policies will be posted on the Faculty Handbook website for review by UNM faculty members. The Office of the University Secretary in consultation with the Chair of the FSPC will address any comments received from faculty and will forward the final proposed draft to the Faculty Senate for approval. Due to the nature of the policy or previous approval history, specific policies will also require approval by University faculty, the UNM Board of Regents, and/or the UNM President and/or Provost or the Chancellor for Health Sciences. Proposed changes to definition, procedural, and information portions of a policy document will be reviewed by the FSPC in consultation with the responsible Faculty Senate Committee(s) listed in the Policy Heading. After review and consultation, the proposed changes can be made with approval by both the FSPC and the Faculty Senate Operations Committee.

3. Distribution and Notification of New or Amended Policy.

Upon approval, the new or amended policy will be placed on the Faculty Handbook website and announced to the campus. Deans and department chairs, or their designees, are responsible for:

- informing their faculty members of new policies or changes to existing policies; and
- updating all related departmental processes, procedures, and/or documents to reflect new or amended policies.

Applicability

All UNM academic faculty and administrators, including the Health Sciences Center and Branch Campuses.

Revisions to the remaining sections of this document may be amended with the approval of the Faculty Senate Policy and Operations Committee in consultation with the responsible Faculty Senate Committee listed in Policy Heading.

Definitions

Policy and Procedures are sections of each policy document. Changes to the Policy Section require approval of the approving bodies listed in the policy heading; at a minimum this includes the Faculty Senate. Changes to the procedures section requires approval of the Faculty Senate Policy and Operations Committees.

Policy Rationale

The Faculty Handbook provides University of New Mexico (UNM) faculty with a written record of faculty policies and procedures. Policies in the Faculty Handbook are unifying documents that describe academic principles, the reasoning behind the principles, and institutional procedures necessary for implementation. Faculty Handbook policies contain governing principles and procedures that mandate or constrain actions and apply to UNM faculty.

Policy Statement

Faculty policies are governed by UNM Board of Regents’ Policies. The Board of Regents' Policy Manual (https://policy.unm.edu/regents-policies/) shall be controlling in any matters in which there is an inconsistency between the Faculty Handbook and the Board of Regents' Policy Manual. All UNM policies which pertain primarily to faculty and academic matters are placed in the Faculty Handbook. The scope of Faculty Handbook policies is established by the “Faculty Constitution” and the right to review and take action on these policies is granted to the faculty by UNM Board of Regents Policy 5.1 “The Faculty’s Role in the University's Academic Mission.”

The Faculty Handbook shall be controlling in any faculty and academic matters in which there is an inconsistency between the Faculty Handbook and the University Administrative Policies and Procedures Manual (https://policy.unm.edu/university-policies/), the University Catalog (https://catalog.unm.edu/), or the Pathfinder (https://pathfinder.unm.edu/). It is not the purpose of the Faculty Handbook to serve as a manual of school/college and departmental policies or procedures; however, the Faculty Handbook shall be controlling in all matters in which there is inconsistency. Although, policies applicable to faculty are primarily published in the Faculty Handbook, some policies published in the University Administrative Policies and Procedures Manual also apply to faculty and these policies are described and listed in the Procedures Section of this document.

Applicability

All UNM academic faculty and administrators, including the Health Sciences Center and Branch Campuses.

If a valid petition is received, action will be taken in accordance with the “Faculty Constitution.”

A. Committees

2. In its capacity as a committee on committees, the Operations Committee shall make recommendations to the Faculty Senate for all committee appointments (including committee chairpersons) that are the responsibility of the Faculty Senate. 10. Initial committee appointments will normally be effective on July 1 of the year of the appointment. Replacement appointments will be effective when approved by the Faculty Senate.

A61.3: Senate Graduate and Professional Committee (SGPC)

Approved by: Faculty Senate  
Effective: April 28, 2020  
Responsible Faculty Committee: Senate Graduate and Professional Committee  
Office Responsible for Administration: Office of the University Secretary

Revisions to the Policy Rationale, Policy Statement, and Applicability sections of this document must be approved by the full Faculty Senate.

Policy Rationale

The Senate Graduate and Professional Committee (SGPC) is one of four (4) committees that comprise the Faculty Senate Academic Council, which provides leadership to and coordination of Faculty Senate Committee efforts that deal with academic issues.

Policy Statement

The SGPC, in consultation with College (School or Division) Graduate/Professional Committees, the Dean of Graduate Studies and the Executive Vice President for Health Sciences is responsible for maintaining and enhancing the quality of graduate/professional education at the University of New Mexico (UNM) and its graduate/professional centers by:

(1) making recommendations on proposals for major changes in graduate/professional programs (Forms C and D), including new degrees and certificates, new programs, new majors and minors and concentrations, name changes, substantive changes in existing programs and suspensions or abolition of degrees or programs, and transmitting them to the Faculty Senate Curricula Committee (FSCC);

(2) participating, together with members of the FSCC, in periodic reviews of instructional units and programs;

(3) providing feedback to graduate/professional programs throughout the Academic Program Review process;

(4) supporting coordination in monitoring and providing feedback on graduate/professional academic experiences throughout UNM;

(5) presenting to the Faculty Senate recommendations concerning general policies for
graduate/professional education, including the creation, suspension and termination of graduate/professional degrees and programs;

(6) recommending to the Faculty Senate the granting of graduate, professional and honorary degrees; and

(7) hearing and resolving disputes involving policy or quality control issues pertaining to University-wide regulations and standards for graduate and professional students and graduate and professional education following procedures as will be found in appropriate sections of the *Faculty Handbook* and the *UNM Catalog*.

The membership shall consist of fourteen (14) faculty and one (1) student: one (1) faculty member selected by each of the following College/School/Division Graduate/Professional Committees from its membership: Architecture and Planning, Education and Human Sciences, Engineering, Fine Arts, Law, Anderson School of Management, Medical Sciences, Nursing, Pharmacy, Population Health, the University Libraries and Learning Sciences, three (3) faculty members selected from its Graduate Committee membership by the College of Arts and Sciences, one (1) representing each of the (3) three divisions within the college [sciences, social sciences, humanities]. One member each from the Graduate and Professional Student Association. The Dean, Associate and Assistant Deans of Graduate Studies, the University Registrar, the Extended Learning Administrator, the Center for Teaching & Learning Administrator, and the Provost or his/her designee shall be non-voting ex-officio members.

The selection of faculty members is made in the spring semester of the preceding year. The terms of office for faculty members shall be for three (3) years, set up on a staggered basis so that the terms of approximately one-third (1/3) of members will expire each year. Student terms are usually one (1) year. All representatives will serve no more than two (2) consecutive terms.

Late in the spring semester of each odd-numbered year, the committee membership elects a chair-elect who assumes the chair the fall semester of the next even numbered year. The chair serves a three-year term, but does not represent his/her College (School or Division). Rather the College (School or Division) Graduate/Professional Committee whose representative assumes the chair will choose a new representative to serve out the chair's term or begin a new three-year term, as appropriate.

The Honorary Degree Committee is a subcommittee of the SGPC (Refer to [A61.3.1](#) for the subcommittee charge.)

**Charge to College Graduate/Professional Committees**

4. Within the policies established by the Faculty Senate, the SGPC, and the faculty of the college/school/or division, the committee in consultation with the dean or director of the college/school/or division shall be responsible for: (a) endorsement of new courses and programs at the graduate/professional level; (b) approval of regular full-time graduate/professional faculty for courses receiving graduate/professional credits; (c) endorsement of standards for appointment of graduate/professional, teaching, research and project assistants; (d) receiving and processing petitions on behalf of individual graduate/professional students dealing with changes in programs, requirements related to that graduate/professional unit, or any other appeal of an academic nature; and, (e) maintenance of quality control processes including admission of students to graduate/professional programs, endorsement of the membership of examination committees, dissertation committees and program of studies committees. Final approval (except 2b) rests with the SGPC in conjunction with the Dean of Graduate Studies or appropriate Professional Program equivalent as noted above in the charge to the SGPC.

6. The graduate/professional committee of each college/school/or division in consultation with its dean or director and acting within the general faculty policies of that unit shall recommend to the SGPC the internal arrangement and procedures deemed most appropriate to the implementation of 1 and 2 above. A61.3.1: Honorary Degree Sub-Committee

Approved by: Faculty Senate
Effective: April 28, 2020
Responsible Faculty Committee: Senate Graduate and Professional Committee
Office Responsible for Administration: Office of the University Secretary

Revisions to the Policy Rationale, Policy Statement, and Applicability sections of this document must be approved by the full Faculty Senate.

Policy Rationale

The Honorary Degree Subcommittee is a subcommittee of the Senate Graduate and Professional Committee (SGPC).

Policy Statement

Early in each academic year, the Honorary Degree Subcommittee makes nominations for the awarding of honorary degrees in accordance with Regents’ Policy (RPM) 1.6 (http://policy.unm.edu/regents-policies/section-1/1-6.html) “Special Recognition and Awards.” Further information on awarding honorary degrees and other types of special recognition can be obtained from RPM 1.6 (http://policy.unm.edu/regents-policies/section-1/1-6.html).

Membership: Two (2) members appointed by the President of the Board of Regents; two (2) members of the general faculty appointed by the Faculty Senate (two-year terms) two (2) members of the general faculty appointed by the SGPC (two-year terms) the UNM President and the President of the Graduate and Professional Student Association (GPSA). Additionally, the President of the Board of Regents and the Secretary of the University shall be ex-officio members, the Secretary to serve as Secretary of the Committee. The Committee shall elect its own chairman from among the faculty members appointed by the Faculty Senate and the SGPC.

Operating guidelines: Each year, the Honorary Degree Committee shall solicit nominations for honorary degrees from any source they deem proper. However, a great emphasis should be placed on nominees whose contributions are to UNM, New Mexico, or the southwest. The Honorary Degree Committee shall decide if an honorary degree is to be given for any particular year. If no selection is made, the SGPC, the Faculty Senate, and the Board of Regents will be so notified. If the Honorary Degree Committee decides there are appropriate candidates--to a maximum of three (3) annually--they may make a selection or selections and shall present the names of the nominees to the SGPC for confidential approval or disapproval of any or all names. If SGPC’s approval is forthcoming for any or all of the nominees, the names shall be submitted to the Faculty Senate for confidential approval no later than at the January meeting. Names of
nominees approved by the Faculty Senate shall then be submitted to the Board of Regents, through the appropriate Regent Committee, for formal approval at their Commencement meeting. (However, approval of the Regents not on the Honorary Degree Committee must be secured informally before names are submitted to the SGPC.) Disapproval of all names by the SGPC, the Faculty Senate, or the Regents stops the process at that point for that year. New nominations from the SGPC, the Faculty Senate, or the Regents will only be considered by the Honorary Degree Committee for a subsequent year.

**Applicability**

All UNM faculty, including the Health Sciences Center and Branch Community Colleges.

Mission

The Campus Development Advisory Committee (CDAC) advises the UNM administration on issues relating to the physical environment of the campus as they contribute to and affect the mission, goals and quality of life at the University. The CDAC serves as a forum for the communication and exchange of ideas and proposals regarding development on the campus and its impact on the campus community, the surrounding neighborhoods, and the City of Albuquerque.

The intent of the committee’s involvement is to carry out intelligent and representative reviews of proposed projects, and to offer constructive comment and recommendations directly to the administrative group managing the projects as well as serving as an advisory body to the Provost and Faculty Senate.

Scope of Committee Reviews

The CDAC reviews initiatives that will result in a physical alteration to the campus fabric. The types of projects that fall under the Committee’s review include:

- Site selection for new buildings or other space development
- Placement of new buildings on a site
- Site development for buildings or landscape architectural projects such as plazas, open space areas, recreational areas, pedestrian zones, parking lots
- General character, size, massing and materials of proposed new buildings
- Proposed alterations to historic elements of the campus
- Plans for changes to the patterns of access and circulation systems on campus, and as these connect to city systems
- Issues regarding the Campus Master Plan

Evaluative Criteria

The CDAC reviews proposals to consider the general ‘fit’ between the project and a range of contextual conditions, including:
- The health and safety of students, employees, visitors and residents of the campus

- The degree to which the proposal incorporates sustainable practices in site and building development
- The aesthetic impact of the proposed development
- The impact of the proposed project on the Campus Master Plan and future development considerations

Committee Procedure

A83: Annual Reports

Approved by: Faculty Senate
Effective: April 22, 2014
Responsible Faculty Committee: Policy
Office Responsible for Administration: Provost, HSC Chancellor, and EVP for Administration

Revisions to the Policy Rationale, Policy Statement, and Applicability sections of this document must be approved by the full Faculty Senate.

Policy Rationale

Annual reports ensure accountability and provide a measure of how well and at what cost UNM is fulfilling its mission of teaching, research, patient care, and public service. Annual reports serve as management tools for UNM’s leadership, faculty, and staff, by documenting the success of each division in meeting its key goals. They also provide UNM’s stakeholders with a snapshot of the achievements and challenges of each division during the past year, as well as plans for the future.

Policy Statement

Annual reports will be prepared by the Provost, Chancellor for Health Sciences, and the Executive Vice President for Administration. These leaders are charged with providing:

- a brief description of their units, including information on function, budget, and personnel;
- major activities for the year; and
- plans for the future.

The reports will provide a clear picture of the division’s contributions to UNM’s achievement of its mission and key goals. The annual reports will be made available and accessible to faculty, staff, and the public. The reports will become part of the permanent records of the University, and reference to them is invited at any time.

Applicability

All UNM units, including the Health Sciences Center and Branch Campuses.

Revisions to the remaining sections of this document may be amended with the approval of the Faculty Senate Policy and Operations Committees in consultation with the responsible Faculty Senate Committee listed in Policy Heading.
Definitions

No specific definitions are required for the Policy Statement.

Who should read this policy

- Academic chairs, directors, and deans

Procedures

Annual reports should include unique indicators, presenting data on a wide spectrum of activity including the division’s impact on student success and/or quality of patient care; affordability, capacity, and quality of services provided; and effective use of UNM’s resources.

To ensure integrity and internal consistency the indicators used should be:

- Based on data that are publicly available and may be reproduced.
- Commonly used nationally or internationally.
- Presented in a way that makes their meaning apparent.
- In a format that allows for comparison to other institutions and trend analysis, when appropriate.

The Annual Report should be brief and well organized. It should not include superfluous materials such as brochures, calendars, class schedules or flyers.

The Provost, Chancellor for Health Sciences, and the Executive Vice President for Administration may request deans and directors to submit annual reports for their academic and administrative units for inclusion in the annual reports.

Responsible Faculty Committees: Faculty Senate Operations Committee
Office Responsible for Administration: Provost and Executive Vice President for Health Sciences

Revisions to the Policy Rationale, Policy Statement, and Applicability sections of this document must be approved by the full Faculty Senate.

Policy Rationale

From time to time it is necessary for the University of New Mexico (UNM) to consider proposals for the creation of new academic units, or for major restructuring of existing academic units, especially units involving teaching functions and including those crossing disciplinary lines. Occasionally the proposed unit would become a branch community college of UNM. This Policy document provides policies and procedures for consideration of such actions pertaining to UNM academic units. The specific procedures for consideration and approval will be established through discussions between the proposers of any changes and representatives of the Office of the Provost or Office of the Executive Vice President of Health Sciences (EVPHS) and the Faculty Senate Operations Committee.

Policy Statement

The creation of a new academic unit located on or off the UNM Albuquerque campus, including new branch community colleges, or to make changes in an existing academic unit require approval of at least the 1) UNM Faculty Senate, acting on the advice of appropriate faculty committees as determined by the President of the Faculty Senate, and 2) appropriate administrative officers, as determined by the President, the Provost or the EVPHS. If approval of the proposal by the Board of Regents is required (See Regents' Policy 5.1), all actions of the Faculty Senate and the administrative officers relative to the proposal shall be transmitted to the Board of Regents.

Approval of the proposed action must be obtained prior to initiating operation of a new academic unit or making permanent major changes in existing academic units. In no case is this to be construed as prohibiting an existing academic unit from experimenting with temporary major changes prior to seeking approval of these on a continuing basis. However, it is expected that even in the case of experimental changes, stakeholders, such as affected faculty, staff, and students will be informed in advance and their input sought and considered by the appropriate
dean, director, or other administrator proposing the changes, prior to initiation of the experiment.

All proposals to create or re-organize academic units shall follow the policies and procedures described herein and any applicable procedures, standards, or guidelines established by the Faculty Senate Operations Committee in consultation with representatives of the Provost or the EVPHS with relevant academic unit heads (e.g., dean’s, directors, chairs).

**Applicability**

All academic units (excluding research centers and institutes, which are covered in Policy A91) including those within the Health Sciences Center and Branch Community Colleges.

Revisions to the remaining sections of this document may be amended with the approval of the Faculty Senate Policy Committee and Operations Committee in consultation with the responsible Faculty Senate Committee listed in Policy Heading.

**Definitions**

**Major changes.** Merger of two or more academic units, or dissolution of an academic unit. This policy is not meant to apply to organizational changes within an integral academic unit with no implications outside that academic unit.

**Academic unit.** Degree granting program, department, branch, school, or college.

**Who should read this policy**

- Academic deans or other executives, department chairs, directors, and managers
- Administrative staff responsible for academic units.

Procedures

Creation or Reorganization of an Academic Unit. After obtaining input from affected faculty, staff, and students in accordance with the Policy Statement above, those proposing new or revised academic units, other than research centers or institutes (see A91 for these units), must prepare a proposal that includes items A through K described below and submit the proposal for approval in accordance with the following steps:

- The proposal will be submitted to the college or school dean for approval.
- The dean will submit the proposal to the Provost or EVPHS for preliminary approval.
- After preliminary approval, the proposal will be submitted by the dean to the Faculty Senate Academic Council for review and endorsement.
- The Faculty Senate Academic Council will submit the proposal to the Faculty Senate Operations Committee for review and endorsement.
- The Faculty Senate Operations Committee will submit the proposal to the full Faculty Senate for approval.
- After Faculty Senate approval, the proposal will be submitted to the Provost or EVPHS for final approval.
- Following final approval, the Provost or EVPHS will use the content of the Proposal, as delineated in the Procedures Section below, as the basis for a formal charge to the initiating dean or academic unit as appropriate.

If at any step in this process substantive change(s) are proposed, the previous reviewing authorities will have one week to review the change(s) and rescind their approval/endorsement if they disagree with change(s).

Proposal for Creation or Reorganization of an Academic Unit

The proposal should include the following:

A. Executive Summary - Identification of the proposed academic unit or major changes, including all aspects such as instruction, research, and service.

B. Rationale - Reasons why the proposed changes are desirable, or necessary. For example, may be responsive to state or national needs, existing or anticipated opportunities, or requirements of regulatory bodies such as accreditation agencies.

C. Academic Benefit - The advantages to UNM if the proposal is implemented, including effects on current or future students, faculty, and staff at UNM.
D. Conflict Statement - Any actual or potential conflicts with the programs or services of existing academic units at UNM, branch community colleges of UNM, or other institutions or organizations within the State of New Mexico. Does the proposed academic unit or change offer a potential for enhancement of, or cooperation with, the programs or services of other academic units or organizations?

E. Resource Statement - A summary of the anticipated costs or changes in costs, and the human and physical resources, including space and equipment needed during the first five years of operation of the proposed new or revised academic unit.

F. Organizational Structure - Existing organizational structure related to proposal, and the anticipated structure when the revision or new academic unit has evolved to anticipated form. Include a description of:

- Administrative structure, including the line of responsibility within the organization and the path(s) through which the unit will report;
- Faculty positions, including rank and responsibilities; and
- Staff positions, including grades and responsibilities

G. Academic Offerings – Description of the instructional programs the academic unit will offer, if any. What degree programs will the unit offer, or support at the undergraduate or graduate levels? What courses at the lower division, upper division, and graduate levels will the unit offer in support of either its own or other degree programs? Identify both existing and new courses. Briefly explain the need for the new courses. If any of these courses overlap or are intended to replace existing course offerings at UNM, explain how potential duplication and conflict with the units offering those courses would be resolved.

H. Research Profile - Description of the unit's proposed research programs. What research programs will be conducted by the unit alone or in cooperation with other units? In case(s) of cooperative programs, what other units will be involved, what will be their role, and what will be the relationship between these units and yours? What degree programs will these research programs support, and in what manner will they be supported? What non-state funding sources are anticipated for the research programs? What funding from UNM or the State of New Mexico will be required?

I. Service Profile - Description of the academic unit's service activities. What services will the unit provide to other units in or associated with UNM? Are these services currently offered by any other unit at UNM associated with it, or contracted by it? If so, do you plan to supplement what exists or to replace it? How would potential conflicts with the other units be resolved? What services will the unit provide to organizations outside UNM? Are there units, either public or private, already offering these services? If so, justify the need for you to provide them via the proposed unit.

J. Near Term Planning Statement - A timeline of key decision points and benchmarks
accompanied by a narrative discussion of the plans for the academic unit for the next three to five years, including what needs, opportunities, or demands will the academic unit satisfy that are not currently being adequately met. How will the unit's functions and size change during this period? For example, will they remain static, grow, or diminish? How will faculty, staff, and administrators be acquired to support this unit?

K. Preliminary Budget - A detailed budget summary for the first five years of operation of the proposed academic unit. For operating costs, include at least personnel, space upkeep or rental, utilities, contracted services, and equipment maintenance and replacement. For one-time costs, include at least space, furniture, utilities connections, and equipment.

Proposal for Creation or Reorganization of an Academic Unit should be clear and concise and no longer than 10 - 12 pages in length. Units may append supporting documentation to the proposal as needed.

A89: Allocation of Office, Laboratory, and Classroom Space

Policy

The Space Allocation Committee is an administrative committee appointed by the President of the University to oversee the assignment to and utilization by the various organizational units of all facilities and spaces owned or leased by the University. Space needs of programs and patient service organizations associated with the UNM Medical Center are reviewed by the Director of the Medical Center/Dean of the Medical School.

The membership of the Space Allocation Committee will be the Vice Presidents for Academic Affairs, Research, Student Affairs, and Business and Finance; the Director of Enrollment Services who coordinates the scheduling of all general classrooms; and a member of the Department of Facility Planning staff. The Vice President for Business and Finance will serve as Committee Chairperson. The Committee will schedule meetings at least once per month.

General Policies. The actions of the Space Allocations Committee will be guided by the following policies:

1. The Committee will review and render decisions concerning the assignment of space in the following circumstances:
   a. When space is provided by new construction and/or the subsequent vacation of existing facilities and/or major renovation of existing facilities.
   b. When a general classroom, lecture hall or seminar room is proposed for conversion to any other use.
   c. When Deans or Directors cannot resolve space issues among their departments or units or when the need for additional space is beyond their current space allocation.
   d. When the assignment of space is proposed to be changed from one organizational unit to another unit.

2. Deans and Directors will be responsible for the management of space assigned to their various departments and units and will notify the Committee of the following:
   a. When there is a change in the internal allocation of space from one department to another department.
   b. When the nature of the use of any space is changed.
   c. When the delineation or configuration of a space is to be changed by the installation or removal of partitions or walls and/or the relocation of doorways.
   d. When assigned space is greater than the functional needs of a department or unit.
3. The Committee will review the utilization of all space periodically and reallocate space, when appropriate, to promote efficient use of the limited spaces available.

4. When there are multiple requests for new or existing unallocated space, assignment will be generally guided by the following utilization priority order:

   - Instruction*
   - Library Services
   - Research
   - Public Service Functions
   - Institutional Support Services
   - Student Government
   - Other

5. Changes in space assignment and/or utilization within the Student Union Building, the South Campus Complex, the North Campus Medical Center Complex, and the Continuing Education Center will be made in consultation with the Director of Student Union Operations and the New Mexico Union Board, the Athletic Director, the Director of the Medical Center/Dean of the Medical School, and the Dean of Continuing Education respectively.

6. Within the above policy guidelines, high priority will be given to the creation and utilization of multi-use spaces.

7. The Committee will be guided by the following minimum criteria in determining the quantity of space allocated:

   - Deans, Department Heads, Directors 140-150 sq. ft.
   - Professionals 120 sq. ft.
   - Professionals (Part-time) two or more per room 60 sq. ft.
   - Secretarial/Clerical Station 120 sq. ft.
   - Secretarial/Clerical Open Office Configuration 80 sq. ft.
   - Secretarial/Clerical (Part-time) two or more per room 60 sq. ft.
   - Graduate Assistants** 50-60 sq. ft.

8. The Committee will refer any space issues that have long-range campus facilities development implications to the Campus Planning Committee for consideration before final action is taken by the Space Allocation Committee.

*Because of very limited classroom space, no general classrooms may be converted to another purpose without the review by the Dean of Admissions and Records.

**Graduate teaching and research assistants may be assigned space if their duties require such space and the space is made available by the department. Work study students will normally not be assigned specific space.
Procedures. The Space Allocation Committee will accept and review requests for changes in space assignment and utilization throughout the year. Since some of the requested actions and Committee's decisions will have financial implications, the Committee will coordinate its decisions with the capital budget planning process. Deans, Department Heads, and Directors are encouraged to anticipate space need issues as part of the annual capital improvement projects planning process to assure consideration in the capital budget plan for the next year.

1. Space issues will be initiated and reviewed in the following sequence:

   Department Head
   Dean/Director
   Vice President
   Campus Planner
   Space Allocation Committee

2. Responsibilities of each participant in the process include:

A91: Creation, Review, Reorganization, and Termination of UNM Research Centers and Institutes

Approved By: Faculty Senate  
Effective Date: 3/7/16  
Responsible Faculty Committee: Research Policy Committee  
Office Responsible for Administration: Vice President for Research and HSC Vice Chancellor for Research

Revisions to the Policy Rationale, Policy Statement, and Applicability sections of this document must be approved by the full Faculty Senate.

Policy Rationale

Research centers and institutes play an inevitable, integral, and increasing role in modern research universities. These roles stem from two facts. First, cutting edge research in most academic disciplines is increasingly multidisciplinary, interdisciplinary, and trans-disciplinary in nature. Second, research centers and institutes encourage thematically focused but synergistic collaborations that go beyond those that occur in traditional academic departments. This enhances both the intellectual impact of the activities as well as extramural funding opportunities. From time to time it is necessary for the University of New Mexico (UNM) to consider proposals for the creation of new research centers and institutes, or for major restructuring or termination of existing research centers and institutes. This Policy document provides policies and procedures for consideration of such actions regarding research centers and institutes.

Policy Statement

The creation of a new research center or institute located on or off the UNM Albuquerque campus, or major changes to an existing research center or institute require approval of the Faculty Senate and the Provost or HSC Chancellor. Approval of the proposed action must be obtained prior to initiating operation of a new research center or institute, or making permanent major changes to an existing research center or institute. In no case is this to be construed as prohibiting an existing research center or institute from experimenting with temporary major changes prior to seeking approval of these on a continuing basis. However, it is expected that even in the case of experimental changes, stakeholders, such as affected faculty, staff, and students will be informed in advance and their input considered by the appropriate dean, director, or other administrator proposing the changes, prior to initiation. Policy A91 “Creation,
All proposals to create, re-organize, or terminate a research center or institute shall follow the policies and procedures described herein, and any applicable standards or guidelines established by the Faculty Senate Research Policy Committee in consultation with representatives of the Provost or the HSC Chancellor and relevant research center or institute heads.

**Applicability**

All UNM units, including the Health Sciences Center and Branch Campuses.

Revisions to the remaining sections of this document may be amended with the approval of the Faculty Senate Research Policy Committee, Policy Committee, and Operations Committee.

**Definitions**

**Major actions.** A merger of two or more research centers or institutes, a division or dissolution of a research center or institute, or a change in the basic mission of a research center or institute.

**Who should read this policy**

- Directors of research centers and institutes.
- Academic deans or other executives, department chairs, directors, and managers responsible for research centers and institutes.
- Administrative staff responsible for research centers and institutes.

Proposal Phase. The life cycle of a research center or institute begins with the proposal phase, during which faculty, staff, and administrators must work together to build a strong case for UNM to invest in a research center or institute. UNM administration should be provided evidence of the intellectual value of the research center or institute beyond that which can be achieved within the departmental or college structure. The proposal shall clearly identify the scope of the research center or institute; in particular which academic units will be contributing resources, including faculty time, staff, facilities and funds. The proposal should have funding plans for the short (e.g., one to five years) and the long (e.g., decades) terms.

Operational Phase. Once established, all resources for a research center or institute shall be defined, including building space, equipment, staff, faculty appointments, and effort shares. The director is appointed by the administrator appropriate to the research center or institute, and the conditions of the appointment and the term of service, including options for renewal, shall be clearly stated in the appointment letter. Directors shall be evaluated annually by a representative group of individuals. Guidance for the review is drawn from the proposal for the research center or institute and must include criteria for evaluation of the research center or institute vitality, achievement of goals, resource allocations, and budgets.

Termination/Reinvention Phase. The annual review processes from the Operational Phase shall reveal when a research center or institute is experiencing difficulty in managing resources or achieving its expressed goals. Although the director and other applicable administrators shall be expected to take action to support and revive the research center or institute, they are also responsible for terminating or “sunsetting” the research center or institute, as well as redirecting the resources to other areas of UNM when necessary. The reinvention and redirection of research center or institute activities shall be completed via a process similar to that for creating a new research center or institute.

The website maintained by the Office of the Vice President for Research (OVPR) or the Office of the HSC Vice Chancellor for Research shall contain an annually updated list of all research
centers and institutes governed by the Provost and HSC Chancellor and a summary of the most recent review for each research center or institute.

*Division Specific Standards.* Standards for the organization and review of research centers and institutes may vary within major components at UNM. To accommodate these differences each component should develop a standard document specific to the component designed to ensure compliance with this Policy. Standard A91#1 provides guidelines applicable to non-HSC research centers and institutes. A standard will be developed to provide guidelines applicable to HSC research centers and institutes. In the event that a research center or institute has substantial involvement in both the HSC and non-HSC divisions of UNM, the director will work with the Provost and HSC Chancellor to determine which standard is applicable or if another standard needs to be developed.
